

**Making memories to build memory through:**

We will have a dinosaur day outside in which we will be archaeologists, finding footprints, bones and eggs on our school grounds.

We will be taking part in our schools Sports Day.

**Art**

We will be designing and making salt dough fossils. Using different materials we will be making dinosaur skeletons.

**History**

We will 'walk back in time' along a timeline to the time when dinosaurs lived. We will look at the different theories about how they became extinct.

**Computing**

We will be making fact files and top trump cards using digital media and applications.

**English**

We will be using a range of dinosaur stories to inspire our writing as well as creating non-fiction dinosaur fact files. We will be mapping out our own Jurassic Park theme map and making leaflets and posters to advertise our attractions.

**PREHISTORIC PREDATORS**

**Science**

We will be looking at different dinosaur teeth and how they relate to the diet of a dinosaur, comparing herbivores and carnivores. We will explore types of dinosaurs and how their body features relate to their habitat.

**P.S.H.E.**

We will learn about changes to our bodies and focus on respecting personal boundaries.

**Music**

We will learn dinosaur songs and learn musical terms for elements of music with a strong focus on dynamics.

**R.E.**

We will be answering the question "What makes some places special to believers?"

**P.E.**

We will be improving our Athletic skills and throwing in Target games.
