

Making memories to build memory through:

We will look to improve our school environment through a sustainability project.

Art

We will be studying the natural world with a focus on line work using ink. We will also create our own paint using natural materials and explore textures, colours and pigments

English

We will use the book 'Where The World Turns Wild' to explore different themes and genres.

Music

We will use Popscatapl round to focus on singing in a round and developing our understanding of musical elements, particularly tempo.

Computing

We will be creating informative videos of natural disasters with a focus on filming techniques, storyboarding and editing videos.

R.E.

We will look at the question 'What does it mean to be a Muslim in Britain today?'

French

We will be learning to describe homes and what is in them using prepositions and adjectives.

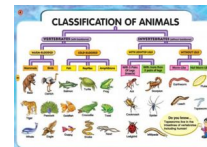

Geography

We will locate places in our own country and around the world that have suffered great natural disasters. We will look at what caused them, how they can be prevented and will look at why some areas are more prone to disasters than others.

Science

We will study Living things and their classification.

PSHE

We will learn about the importance of sleep, understanding how to cope with failure, setting goals and recognising food groups.

P.E.

We will further develop our basketball skills.

Where The World Turns Wild
