

Spirituality at All Saints

At our school, we understand spirituality as an ongoing reflective journey. It is not something we can see, but something we feel within ourselves. Rooted in the belief that every child is “wonderfully made” (Psalm 139:14) and where ‘Every Child Shines’.

Spirituality is about experiencing awe and wonder — wonder at who we are, wonder at how we belong through the connections we make with others, wonder at the world around us, and wonder about the mystery of something greater than ourselves.

Spirituality invites us to ask questions, seek understanding, and build relationships—with ourselves, with others, with the world, and with God. It encourages us to reflect deeply, to find inspiration, and to grow in our awareness of all that surrounds us.

We support and challenge our children spiritually, guiding them on a journey where they can flourish, shine, and discover a deeper understanding of their innermost being. In doing so, we prepare them for life's journey, helping them develop a sense of purpose and connection to something bigger, outside of ourselves.

Spirituality might be a sense there are important questions to be asked which might not have obvious answers. It might want us to laugh, cry, sing, be creative or be still.
